Anupam Rasayan wins CII 3R Award for Best Industry Practices for Managing own Waste

Surat, December 11, 2023: Anupam Rasayan India Limited (“Anupam Rasayan”) (NSE: ANURAS, BSE:543275), one of India’s leading custom synthesis & speciality chemical player, has been honoured with the prestigious Confederation of Indian Industry (CII) Award for Best Industry Practice in Waste Management.

The evaluation process for this award included key components such as waste management strategies, a sustainable and innovative business model, and the Company's future plans. The CII Award for Best Industry Practice in Waste Management is a testament to the Company's dedication to environmental stewardship, setting it apart as a leader in the chemical sector.

Speaking about the award, **Anand Desai, Managing Director of Anupam Rasayan**, said, *“We are honoured to receive the CII Award for Best Industry Practice in Waste Management. This award reinforces our belief that sustainability is not just a choice but a business imperative. It highlights our commitment to environmental sustainability and responsible business practices. Over the past few years, we have worked tirelessly to implement innovative and effective waste management strategies, and this award validates those efforts.”*

About Anupam Rasayan India Ltd. (ARIL):

Anupam Rasayan India Limited (ARIL) is one of the leading companies engaged in the custom synthesis (CSM) and manufacturing of specialty chemicals in India. Incorporated in 1984, the speciality chemicals major has two verticals: Life science related Specialty Chemicals comprising products related to Agrochemicals, Personal Care and Pharmaceuticals, Other Specialty Chemicals comprising Specialty Pigment and Dyes, and Polymer Additives.

The Company caters to a diverse base of Indian and global customers. It is currently manufacturing products for over 73 domestic and international customers, including 29 multinational companies. The Company operates via its six manufacturing facilities in Gujarat, India, with four facilities located at Sachin, Surat and two located at Jhaghadia, Bharuch with an aggregate installed capacity of about 27,000 MT as of 31st March 2023. ARIL offers multistep synthesis and undertakes complex chemical reactions technologies, for a diverse base of Indian and global customers.
